SUMMARY

Currently pursuing **MCA in Computer Cloud Computing from Galgotias University, Greater Noida**. Possess strong analytical and problem-solving skills, strong foundation in programming language.

OBJECTIVE

To start a career in a growth-oriented company where I can utilize my creative problem-solving abilities, teamwork skills, and determination to achieve personal and company goals.

CORE COMPETENCIES

Good Command in following Languages:- **HTML, CSS, Java script, Python, SQL, java, web development,**

EDUCATION

2023-2025

Master of Computer Application (MCA)
7.05 CGPA - Till-sem2

2019-2022

Bachelor of Art (BA)
Jairaj Kunwari Baba Paras Pal
singh Mahavidyalaya- 55%

2018-2019

HSC (12th), UP Board -64%
Rasic Bijhwat Jaunpur

2016-2017

SSC (10th), Up Board -89%
Rasic Bijhwat Jaunpur

PROJECT

Plant Disease Detector using CNN:

It is a computer vision project designed to identify and diagnose various plant diseases using a Convolutional Neural Network (CNN) model. The project leverages deep learning techniques to accurately classify healthy and diseased plant leaves, helping farmers and agricultural experts detect diseases at an early stage and take preventive measures. By automating the disease detection process, this system aims to minimize crop loss and improve agricultural productivity

Certificate: Web Development , AWS virtual internship , Intern in Prodigy Infotech in web tech (1 months)

KEY SKILLS

- Problem solving and critical thinking
- A good team Player
- Attention to detail and accuracy
- Adaptability and Flexibility

HOBBIES

- Listening Music
